NASA HEADQUARTERS TELEPHONE DIRECTORY

USE OF OFFICIAL TELEPHONES FOR PERSONAL BUSINESS

Government telephones are not to be used for personal business (see NMI 2540.1). Telephone booths are located in all buildings for use in making personal calls.

DIALING WITHIN NASA HEADQUARTERS

Headquarters personnel on the two Headquarters Centrex exchanges (75 and 55) will dial extensions for those exchanges.

CONTACTING FIELD PERSONNEL

Effective August 19, 1977, the use of IDS Codes was discontinued. The FTS system will be used for contacting personnel at all NASA installations with the exception of Goddard Space Flight Center, for which the commercial number will be used.

CONTACTING OTHER GOVERNMENT AGENCIES/ORGANIZATIONS

For contacting other Government agencies and organizations, see the Washington Agency Directory section of this Directory.

FTS—FEDERAL TELECOMMUNICATIONS SYSTEM

The Federal Telecommunications System (FTS) is a Government network of leased long-distance lines managed and operated by the General Services Administration to provide long-distance services at much less cost than commercial services. FTS is *not a free* service. Its use is subject to the same local restrictions and regulations as govern commercial toll facilities.

The FTS will be used by NASA employees and NASA contractors for placing all official long-distance telephone calls with four exceptions: 1) collect calls; 2) calls to foreign countries; 3) calls so urgent as to dictate immediate completion at a time when FTS circuits are continuously busy; or 4) calls for which the charge for the first three minutes will be 50¢ or less.

CALLING PROCEDURES

Numbers to be called must be known *before* placing a call. If the number is not known, consult the FTS Users Guide for "Information and Assistance" listings. FTS operators *cannot* furnish commercial information. For commercial numbers dial 9 + area code of the city you wish to call and 555-1212.

ON-NET TO ON-NET (FTS number to FTS number)

Dial 8 + the seven digit number

ON-NET INFORMATION: Dial 8 + the seven digit number for FTS Information and Assistance in the city you want to call. The operator will give you the correct FTS number to dial. (see FTS Operator listings beginning on page 6 of FTS Users Guide)

ON-NET TO OFF-NET (FTS number to Non-FTS number)

Dial 8 + the 10-digit commercial number

ONLY THE WASHINGTON, D.C. METROPOLITAN AREA MAY DIAL DISTANT CITIES DIRECT.

COMMERCIAL INFORMATION: Dial 9 + the area code for the city you wish to call, then 555-1212. After obtaining the correct commercial number hang up and use FTS to place your call.

Headquarters employees using FTS outside the Washington Metropolitan area should consult the FTS Users Guide.

OFF-NET TO ON-NET (Non-FTS number to FTS)

NASA policy does not allow employees or contractors to place off-net to on-net calls.

FTS OUTSIDE CONTINENTAL US

FTS service is available on a limited basis to and from Alaska, Hawaii, Puerto Rico, and Canada. To place such calls during working hours dial the Special FTS Operator and provide the following information: 1) your name, 2) your agency bureau code, 3) the number you are calling, 4) your FTS telephone number.

ALASKA:	Dial 8 + 399-0150 (Seattle Special Operator)
HAWAII:	Dial 8 + 556-0220 (San Francisco Special Operator)
PUERTO RICO:	Dial 9 + 472-6620 (Special Operator in Washington, DC)
VIRGIN IS:	Dial 9 + 472-6620 (Special Operator in Washington, DC)
CANADA:	Dial 8 + the associated FTS gateway switchboard listed on page 14 of the FTS Users Guide

AFTER-HOURS SERVICE: Washington, D.C. is the only city with 24-hour FTS switchboard service. Dial 8 + 967-1221.

TELECONFERENCE SERVICE—NASA—See Page 41

FTS CONFERENCE SERVICE:

Conference service is available to telephones connected to the FTS *within* the contiguous 48 states. Up to 28 intercity telephones may be connected to a conference call. Conference calls should be scheduled *at least three hours in advance*. Conference originator is responsible for notifying all participants of date and time period of conference.

TO PLACE A CONFERENCE CALL:

For conference calls with up to 3 local and 2 long distance telephone numbers, call 9-472-1208. (No charge for this conference call service.)

For conference calls exceeding above, call 9-245-3333 (Conference Control Center) at least 3 hours in advance of the conference.

The following information must be provided:

1. Originator's name and agency bureau code;
2. Date and time of proposed conference;
3. Name, location, and FTS number of each participant.

Further information may be obtained by calling the Conference Control Center.

FTS TROUBLE REPORTS

User should immediately call the local FTS Operator and supply the following information:

1. Your FTS telephone number, agency, and location;
2. Telephone number and location of the dialed telephone;
3. Brief description of trouble encountered, such as "noisy", "no ring", "echo", or "cut-off".

EMERGENCY PROCEDURES

To ensure that outgoing calls can be made by officials involved with an emergency, each employee must forego or drastically limit use of the telephone during an emergency condition.

Essential calls should be as brief as possible. Official business unrelated to the emergency should be delayed until demands on telephone facilities have subsided or accomplished through other means of communication.

WHEN ON OFFICIAL TRAVEL

Headquarters travelers may make official long distance calls over FTS from most Government (except DoD) installations, applying the procedures in use at each installation. FTS calls will not be placed from commercial telephones while on travel.

Official calls from places which are not connected with FTS cannot be made over that system, even though the call may be to NASA Headquarters. Such calls must be made commercially and payment for the calls may be accomplished in one of two ways: (a) If the traveler is authorized a NASA Headquarters Telephone Credit Card (see HQMI 1580.1), the call may be charged to the card and will be billed to NASA Headquarters, or (b) The traveler may pay for the call and claim reimbursement on his travel voucher.

MINIMIZE
OR
USE OF TELEPHONES DURING EMERGENCIES

While the telephone is one of the basic tools for conducting official Government business, the telephone systems are not engineered to provide simultaneous service to all subscribers at the same time.

To ensure that the telephone systems are not overloaded during emergencies, a system of controls was adopted by the National Communications System (NCS). The NCS also adopted the term "MINIMIZE" to identify these procedures.

Basically these procedures require that whenever an emergency occurs and "MINIMIZE" is imposed, it becomes necessary for each Government employee to forego or drastically limit his use of the telephone to permit those officials responsible for the high level affairs of Government to complete those telephone calls essential for resolving the emergency.

Official calls unrelated to the emergency should be delayed and no unofficial calls should be made until "MINIMIZE" is removed or the emergency is over. Observing "MINIMIZE" procedures is the responsibility of each individual NASA employee. For additional information regarding NASA's policy on this subject please refer to NMI 2530.10.

This directory is compiled from listings furnished by organizations and individuals. It is only as accurate as the information furnished.

Interim Submission of Changes

PLEASE:

Submit changes to the Alphabetical Section daily as they occur to the Headquarters Information Center (Code NHS-27) on NHQ FORM 4. These submissions for the Center's telephone service to the public.

Submit changes to the Classified Section (in the format of the Classified Section in this Directory) to the Administrative Services Branch (NHS-20) for inclusion in the Headquarters Weekly Bulletin. Such information will be disseminated within Headquarters and to field installations only.

The Rooms shown are interconnected to form a NASA-wide Voice Teleconference Network.

To conduct a Teleconference:

1. Schedule the Teleconference Rooms at Headquarters and Field Centers.
2. Ask the Room Coordinator for assistance in providing or operating the equipment if necessary.
3. Call MSFC on 8-872-1771 (FTS) or 3-1771 on Teleconference Circuit or 8-872-4100 (FTS) or 3-4100 on Teleconference Circuit.

Each NASA Installation is provided with Facsimile Machines which can be used to transmit documents or figures needed by the Teleconference participants. These Facsimile Machines usually operate in an unattended mode, requiring notification of conferees that material has been sent. Facsimile equipment is located as follows:

NASA HEADQUARTERS TELEPHONE DIRECTORY

USE OF OFFICIAL TELEPHONES FOR PERSONAL BUSINESS

Government telephones are not to be used for personal business (see NMI 2540.1). Telephone booths are located in all buildings for use in making personal calls.

DIALING WITHIN NASA HEADQUARTERS

Headquarters personnel on the two Headquarters Centrex exchanges (75 and 55) will dial extensions for those exchanges.

CONTACTING FIELD PERSONNEL

Effective August 19, 1977, the use of IDS Codes was discontinued. The FTS system will be used for contacting personnel at all NASA Installations with the exception of Goddard Space Flight Center, for which the commercial number will be used.

CONTACTING OTHER GOVERNMENT AGENCIES/ORGANIZATIONS

For contacting other Government agencies and organizations, see the Washington Agency Directory section of this Directory.

FTS—FEDERAL TELECOMMUNICATIONS SYSTEM

The Federal Telecommunications System (FTS) is a Government network of leased long-distance lines managed and operated by the General Services Administration to provide long-distance services at much less cost than commercial services. FTS is *not a free* service. Its use is subject to the same local restrictions and regulations as govern commercial toll facilities.

The FTS will be used by NASA employees and NASA contractors for placing all official long-distance telephone calls with four exceptions: 1) collect calls; 2) calls to foreign countries; 3) calls so urgent as to dictate immediate completion at a time when FTS circuits are continuously busy; or 4) calls for which the charge for the first three minutes will be 50¢ or less

CALLING PROCEDURES

Numbers to be called must be known *before* placing a call. If the number is not known, consult the FTS Users Guide for "Information and Assistance" listings. FTS operators *cannot* furnish commercial information. For commercial numbers dial 9 + area code of the city you wish to call and 555-1212.

ON-NET TO ON-NET (FTS number to FTS number)

Dial 8 + the seven digit number

ON-NET INFORMATION: Dial 8 + the seven digit number for FTS Information and Assistance in the city you want to call. The operator will give you the correct FTS number to dial. (see FTS Operator listings beginning on page 6 of FTS Users Guide)

ON-NET TO OFF-NET (FTS number to Non-FTS number)

Dial 8 + the 10-digit commercial number

ONLY THE WASHINGTON, D.C. METROPOLITAN AREA MAY DIAL DISTANT CITIES DIRECT.

COMMERCIAL INFORMATION: Dial 9 + the area code for the city you wish to call, then 555-1212. After obtaining the correct commercial number hang up and use FTS to place your call.

Headquarters employees using FTS outside the Washington Metropolitan area should consult the FTS Users Guide.

OFF-NET TO ON-NET (Non-FTS number to FTS)

NASA policy does not allow employees or contractors to place off-net to on-net calls.

FTS OUTSIDE CONTINENTAL US

FTS service is available on a limited basis to and from Alaska, Hawaii, Puerto Rico, and Canada. To place such calls during working hours dial the Special FTS Operator and provide the following information: 1) your name, 2) your agency bureau code, 3) the number you are calling, 4) your FTS telephone number.

ALASKA:	Dial 8 + 399-0150 (Seattle Special Operator)
HAWAII:	Dial 8 + 556-0220 (San Francisco Special Operator)
PUERTO RICO:	Dial 9 + 472-6620 (Special Operator in Washington, DC)
VIRGIN IS:	Dial 9 + 472-6620 (Special Operator in Washington, DC)
CANADA:	Dial 8 + the associated FTS gateway switchboard listed on page 14 of the FTS Users Guide

AFTER-HOURS SERVICE: Washington, D.C. is the only city with 24-hour FTS switchboard service. Dial 8 + 967-1221.

TELECONFERENCE SERVICE—NASA—See Page 41

FTS CONFERENCE SERVICE:

Conference service is available to telephones connected to the FTS *within* the contiguous 48 states. Up to 28 intercity telephones may be connected to a conference call. Conference calls should be scheduled *at least three hours in advance*. Conference originator is responsible for notifying all participants of date and time period of conference.

TO PLACE A CONFERENCE CALL:

For conference calls with up to 3 local and 2 long distance telephone numbers, call 9-472-1208. (No charge for this conference call service.)

For conference calls exceeding above, call 9-245-3333 (Conference Control Center) at least 3 hours in advance of the conference.

The following information must be provided:

1. Originator's name and agency bureau code;
2. Date and time of proposed conference;
3. Name, location, and FTS number of each participant.

Further information may be obtained by calling the Conference Control Center.

FTS TROUBLE REPORTS

User should immediately call the local FTS Operator and supply the following information:

1. Your FTS telephone number, agency, and location;
2. Telephone number and location of the dialed telephone;
3. Brief description of trouble encountered, such as "noisy", "no ring", "echo", or "cut-off".

EMERGENCY PROCEDURES

To ensure that outgoing calls can be made by officials involved with an emergency, each employee must forego or drastically limit use of the telephone during an emergency condition.

Essential calls should be as brief as possible. Official business unrelated to the emergency should be delayed until demands on telephone facilities have subsided or accomplished through other means of communication.

WHEN ON OFFICIAL TRAVEL

Headquarters travelers may make official long distance calls over FTS from most Government (except DoD) installations, applying the procedures in use at each installation. FTS calls will not be placed from commercial telephones while on travel.

Official calls from places which are not connected with FTS cannot be made over that system, even though the call may be to NASA Headquarters. Such calls must be made commercially and payment for the calls may be accomplished in one of two ways: (a) If the traveler is authorized a NASA Headquarters Telephone Credit Card (see HQMI 1580.1), the call may be charged to the card and will be billed to NASA Headquarters, or (b) The traveler may pay for the call and claim reimbursement on his travel voucher.

MINIMIZE
OR
USE OF TELEPHONES DURING EMERGENCIES

While the telephone is one of the basic tools for conducting official Government business, the telephone systems are not engineered to provide simultaneous service to all subscribers at the same time.

To ensure that the telephone systems are not overloaded during emergencies, a system of controls was adopted by the National Communications System (NCS). The NCS also adopted the term "MINIMIZE" to identify these procedures.

Basically these procedures require that whenever an emergency occurs and "MINIMIZE" is imposed, it becomes necessary for each Government employee to forego or drastically limit his use of the telephone to permit those officials responsible for the high level affairs of Government to complete those telephone calls essential for resolving the emergency.

Official calls unrelated to the emergency should be delayed and no unofficial calls should be made until "MINIMIZE" is removed or the emergency is over. Observing "MINIMIZE" procedures is the responsibility of each individual NASA employee. For additional information regarding NASA's policy on this subject please refer to NMI 2530.10.

NOTICE

This directory is compiled from listings furnished by organizations and individuals. It is only as accurate as the information furnished.

Interim Submission of Changes

PLEASE:

Submit changes to the Alphabetical Section daily as they occur to the Headquarters Information Center (Code NHS-27) on NHQ FORM 4. These submissions are for the Center's telephone service to the public.

Submit changes to the Classified Section (in the format of the Classified Section in this Directory) to the Administrative Services Branch (NHS-20) for inclusion in the Headquarters Weekly Bulletin. Such information will be disseminated within Headquarters and to field installations only.

NASA National Aeronautics and Space Administration

Changes to Alphabetical Section, HQ Telephone Directory

SOCIAL SECURITY NO (1 2 3 4 5 6 7 8 9)

TO ▶ NHS 27/INFORMATION CENTER

ATTENTION.—Social Security Number, Action and Name must be filled in or form will be returned.

T (11) | ACTION (12)

ACTION CODE KEY *(Enter A, C or D in block 12 at left as appropriate. If code A applies, check the type of new employment)*

A – ADD *(New employee)*: ☐ PERMANENT ☐ TEMPORARY ☐ HQ POOL

C – CHANGE TO DIRECTORY LISTING

D – DELETE *(Departing employee)*

NAME *(Print last name first, comma, space, first name, space, initial, period, comma)* (13 14 15 16 17 18 19 20 21 22 23 24 25 26 27 28 29 30 31 32 33 34 35 36 37)

PROFESSIONAL TITLE *(MD, DR, or active military title only)* (38 39 40 41 42 43 44 45 46 47)

TELEPHONE NO (48 49 50 51 52 53 54 55)

BLDG. (60) | ROOM NO. (61 62 63 64 65) | MAIL CODE (66 67 68 69 70 71 72)

PRIVACY ACT STATEMENT PERTAINING TO NHQ FORM 4

The Social Security Number *(SSN)* is required since the alphabetical section of the Headquarters Telephone Directory is automated and is keyed to this number. It is collected for this purpose under the authority of PL 93-579. Although providing the SSN is voluntary on your part, failure to do so would result in our obtaining your number from your file.

The Rooms shown are interconnected to form a NASA-wide Voice Teleconference Network.

To conduct a Teleconference:

1. Schedule the Teleconference Rooms at Headquarters and Field Centers.
2. Ask the Room Coordinator for assistance in providing or operating the equipment if necessary.
3. Call MSFC on 8-872-1771 (FTS) or 3-1771 on Teleconference Circuit or 8-872-4100 (FTS) or 3-4100 on Teleconference Circuit.

To report trouble on teleconference:

1. Call 8-872-1771
2. Give location, room number, circuit number from teleconference instrument, and description of trouble.
3. Report trouble when conference is in progress, if possible.

Each NASA Installation is provided with Facsimile Machines which can be used to transmit documents or figures needed by the Teleconference participants. These Facsimile Machines usually operate in an unattended mode, requiring notification of conferees that material has been sent. Facsimile equipment is located as follows:

NOTE: Multiple addressee messages can be sent by calling MSFC 3-5381 on the RapidFax phone. For assistance contact Joe Sobala, Code TN-1, ext. 52480.

*** Telecommunication Center**

TO REPORT A TROUBLE, call NASA Technical Communication Center (TCC) on 3-1771 (Rapidfax network), 872-1771 (FTS) or 205-453-1771 (commercial).

FOR RAPIDFAX TESTING AND INFORMATION, call Howard Copeland or Gene Phillips at the Rapidfax Test Center. The fax number is 3-4163, and the desk number is 3-4164, 872-4164 or 205-453-4164.

FOR RAPIDFAX BROADCAST, call 3-5381. (Have name and fax phone number of each location plus the number of pages to be sent.)

COUNTER READINGS*** During the first three working days of each month, write down the front and inside counter readings along with your fax phone number and send it to 3-4163.**

WASHINGTON AGENCY DIRECTORY

Agencies whose exchanges begin with 254, 443, 426, 832 and 557 may be dialed from NASA Headquarters with a 5 digit extension.
